NEBOSH International Technical Certificate in Oil and Gas Operational Safety

The NEBOSH International Technical Certificate in Oil and Gas Operational Safety syllabus is designed for managers, supervisors and employees, who have day to day responsibility for managing workplace health and safety responsibilities in the oil and gas industries, both onshore and offshore throughout the world. It also highlights the importance of process safety management. .

Entry Qualifications

No formal qualifications are required but candidates must have a reasonable standard of written English. Students should already have an underpinning knowledge of safety issues. The qualification builds on an understanding already gained by a qualification such as the NEBOSH National or International General Certificate.

Course Content

The syllabus focuses on hydrocarbon process safety and is intended to enable candidates to apply and implement effective process safety management across all areas of their operation. Key topics covered include:

- Health safety and environmental management in context
- Hydrocarbon process safety
- Fire protection and emergency response
- Logistics and transport operations

Distance learning programme

ATM Safety & Environment runs a distance learning programme. Course materials consist of printed study notes and coursework which students are encouraged to complete and submit to ATM for marking by post or email. The coursework does not count towards the award.

Assessment

There is one 2 hour written paper (IOG1).

Examination Dates	Closing date for requesting an examination
Wednesday 6 March 2019	15 January 2019
Wednesday 5 June 2019	15 April 2019
Wednesday 4 September 2019	15 July 2019

Fees

The course fee is £300. The course fee includes support for a period of 12 months, so candidates have the choice of four exam sittings. Students who do not obtain the award during the 12 month learning contract period with ATM but at a later date wish to complete will be provided with an additional 12 months support and updated course materials, where appropriate, subject to paying 50% of the course fee current at that time. Students who sit examinations during their enrolment/study period but who are referred in one or more units may re-sit the examination with ATM at one of the next two sittings (from the date when they were referred) subject to payment of a re-sit fee and the appropriate exam registration fee.

Students who wish their certificates to be sent by courier rather than Royal Mail signed for (or International signed for) pay £35 towards the cost of the courier fee.

For exam venues and fees, see page 2.

In-company or group courses

Group courses by distance learning with tutorial support can be arranged on request for Certificate qualifications. Candidates would be expected to study the material and complete the coursework provided prior to attendance at the tutorials, which are designed primarily to provide a revision programme and instruction in examination technique. Tutorial programmes can be tailored to local requirements. A local examination sitting can be arranged at anytime of the year for these courses. Please enquire for a quotation.
